1. Policy Statement:

The Manitoba Institute of Trades and Technology (to be referred to as MITT) will establish a culture of advancement with alumni, staff, students, industry and other key stakeholders to build resources to develop and support relevant programming, capital needs, program development, scholarships and bursaries and other resource-driven assets.

MITT is currently registered with Canada Revenue Agency as South Winnipeg Technical Centre Scholarship Trust Fund.

This policy has been established to:

- Provide guidelines to facilitate development activities that support the strategic plan, operations and new opportunities at MITT; and
 - Encourage appropriate fundraising activities.
- a) Development activities can be received in many forms including the following:
- Monetary
 - Gift-in-Kind (see Donor Relations – Acceptance of Gifts Policy).

 - Other, to be determined
- b) Donors to MITT can expect the following:
- A designated contact at MITT
 - Tax Receipts – Tax receipts will be issued under the guidelines of Canada Revenue Agency
 - Donor Reporting – Annual statements on the use and growth of their Gift(s)
- c) Within specified guidelines, MITT has the discretion to offer the following to Donors:
- Naming Rights – For donors and to honor of those who have made exceptional contribution to MITT or community (See Donor Relations – Capital Asset Naming Rights Policy).

- Named funds - MITT has the right to establish scholarship and bursary funds in an agreed upon name between the Donor and MITT. Donor anonymity can be protected by choosing a name other than an individual or corporation's name. A specified minimum amount would be required to name a fund.
- d) MITT can receive funding in the following forms however they are not considered donations and are not eligible for a tax receipt.
- Special Events – These are one time or on-going activities designed to raise funds and create awareness of MITT. Tax receipts are only eligible for the difference between the ticket price and the value of the benefit (meal, etc...)
 - Sponsorship – This is a contractual arrangement between MITT and another entity that provides recognition or promotion opportunities for the sponsor and in return garners financial support to MITT. These are often sought for special events. Tax receipts are not provided for sponsorship arrangements as this form of activity is marketing based and does not qualify as a charitable donation.
