MITT MyLearning & Online Tools:
An Introduction

Agenda

- What's an LMS anyway? Why does MITT use one?
- Student Access
- How does it work?
- Zoom, Teams and other software
- Support
- Questions

Learning Management System (LMS)

- Software platform for online learning and training
- Used for online only and blended program delivery (online and in class)
- Provides 24-7 web-based access to be flexible for students.

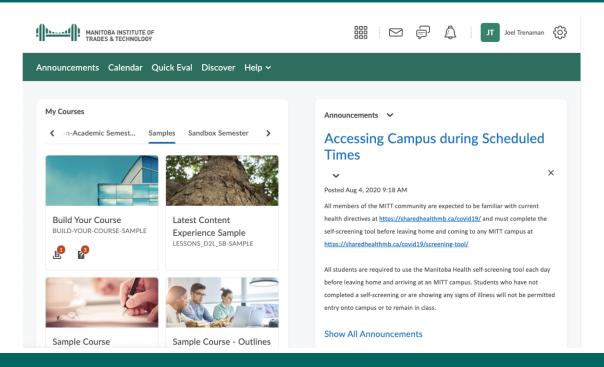

Learning Management System (LMS)

- Great tool to organize and present course lectures and content
- Easy to incorporate quizzes, video, discussion forums and more
- Students can always check assignment and grade information (it keeps track for you!)

MITT MyLearning (Brightspace platform)

Log in with @student.mitt.ca

- Use the student email account
- Mylearning.mitt.ca

Welcome to mitt

Log in to view your courses, explore tools and features, and customize your eLearning experience.

MyLearning Show & Tell

Sample Videos – Brightspace <u>Tutorials</u>

- Intro: https://youtu.be/BWFqCrRhYws
- Navigate: https://youtu.be/ysM2cc2zIPM

MyLearning App — Pulse

- Brightspace Pulse is a mobile app for students that syncs with your MITT online courses
- Optional way for students to access course materials
- Search for Brightspace Pulse in the App Store or Google Play, or visit D2L.com/products/pulse/

E Everyone

This app is compatible with your device.

MyLearning Support

Support:

- Watch YouTube Brightspace <u>Tutorials</u> to get started
- If a question is about use of a feature or tool, start by asking your instructor, as the answer may be specific to the way a course/assignment/grade is set up
- Find and use the *D2L Brightspace Support* widget (always at the bottom) This is available 24-7 with how-to-use instructions, videos and a chat box. How to access
- FAQs and https://community.brightspace.com/s/

Got questions?

Find Answers Here

For assistance with the course material, please contact your instructor.

Video Lectures — Zoom

- Most instructors and other staff are currently using Zoom as the main tool for video communication
- Make a plan for professional presentation: your background, courtesy to fellow students
- Visit the <u>Zoom Youtube Channel</u> for short, easy to follow user tutorials

Video Lectures — Microsoft Teams

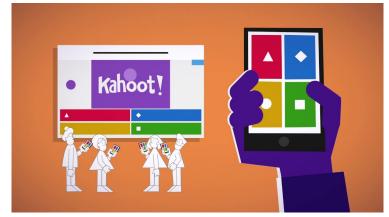

- The second most popular way instructors will use video in courses
- Teams is part of the Microsoft Office 365 suite, which is free with your student email account, also integrated within MyLearning
- Learn about the other features (like the chat) with a basic intro video

Other Software and Learning Tools

- Your instructor may use other tools outside of MyLearning to help you learn, interact or give feedback
- These include Kahoot, Quizlet, Google Classroom, Moodle, LinkedIn Learning
- Be patient! Everyone is using many of these for the first time

Technical Help

 If you have any technical issues with your email account, 365 or MyLearning, contact MyLearning@mitt.ca (include your student #)

Examples of technical issues

- Haven't received MITT email account instructions
- Can't log into accounts
- The email system has a password reset option on the site. Please use this before emailing us
