Convocation

June 30, 2021

MANITOBA INSTITUTE OF
TRADES & TECHNOLOGY

MITT acknowledges that it is on Treaty 1 territory and the traditional territory of Anishinaabeg, Cree, and Dakota Peoples, and the homeland of the Metis Nation.

Traditional Territory Acknowledgements

Treaty Acknowledgement situates us in relationships, the commitment to those relationships, and reminds us of our interconnectedness. Relationships are the key to reconciliation. Relationships are built on mutual respect, trust, and reciprocity, a process to which MITT is genuinely committed. Acknowledging territory demonstrates recognition of and respect for Indigenous Peoples. It is recognition of the important role Indigenous Peoples played in the past as allies and providers for the settler population; their role and contributions to the world today, and the impact their ways of knowing and worldviews will have in the future.

Treaty No. 1 was negotiated and entered into in August 1871, at Lower Fort Garry. A few of the Canadian communities sharing the obligations and benefits of Treaty No. 1 include: Winnipeg, Brandon, Portage La Prairie, Selkirk, Steinbach, Lundar, Grand Beach, Emerson, Winkler.

—*Treaty Relation Commission of Manitoba*

Spoken Prayers and Honour Songs

Calling on the ancestors and spirits, Gizhee Manitou (Creator) and all of creation to witness and bless our actions in this realm.

Drums

The beating sound of a drum is said to represent the heartbeat of Mother Earth and it calls all nations together.

MESSAGE FROM THE PRESIDENT

To the graduating classes we honour today, congratulations on the successful completion of your program.

Education helps you realize any future you envision. It is an investment of time and energy that you make to yourself; and one that I guarantee you will always benefit from.

I commend you for your hard work and sacrifices of the past year or two, and I encourage you to enjoy this milestone on what I hope will be a lifelong learning journey.

As we wait with anticipation for our communities to rebound from COVID-19, we look forward to the economic recovery that will accompany this, as well as the opportunities you will have to contribute and pursue your career path in earnest.

You developed wonderful and robust skills here at MITT—skills we know employers in Manitoba demand in their workforce. Use them wisely to advance your careers and to enhance the lives of others in Manitoba and around the world.

At MITT, you also joined a network and family that will always support you and be a resource to you throughout your career and lifelong learning journey. Stay connected, be an MITT ambassador, and help someone else find their future at MITT.

On behalf of MITT's Governing Board, faculty, and staff, it has been our pleasure getting to know you as students, and we are so proud to now call you MITT alumni.

Sincerely,

A black ink handwritten signature of Dr. Ray Karasevich. The signature is fluid and stylized, starting with a large 'R' and ending with a long horizontal stroke.

Dr. Ray Karasevich
President and CEO

2021

CONVOCATION

Welcome

Kathy Knight, Dean of Information Communications Technology (ICT) Programs and Executive Director of the Cyber Security Centre of Excellence

AWARDS

Governor General's Academic Medal

William Grahme Matthews, CAD Technician

The Governor General's Academic Medal, established in 1873, is awarded for academic excellence to the student who achieves the highest average upon graduating from a secondary school.

MITT President's Award for Women in Trades and Technology

Milijana Tomic, Software Developer

Presented to an MITT student who is female/identifies as female, and has successfully completed one of the following programs: Auto Mechanics, CAD Technician, Carpentry, Electrical Applications, Électricité, Graphic and Print Technician, Industrial Electronics, Industrial Mechanic/Millwright, Industrial Welding, Motorsport Technician, CAD Technician, Cyber Defence and Cloud Administration, Graphic and Print Technician, Network Systems Administrator, or Software Developer. The recipient achieves a high academic standing, and meets all Apprenticeship Manitoba requirements as required. This student demonstrates a positive attitude, dedication to their studies, and acts as a positive role model to other students.

MITT President's Award for Indigenous Leadership

Dakota Chambers-Hourie, Graphic and Print Technician

Presented to an Indigenous student who demonstrates outstanding overall performance in their program of study. This student demonstrates a positive attitude, dedication to their studies, and exceptional work skills. They are a positive role model for other students and have received positive feedback from their work practicum.

MITT Citizenship Award

Brian R. Gatien, Graphic and Print Technician

Presented to a post-secondary student who displays excellent citizenship qualities, such as improving their classroom and campus communities. This student fosters a positive class environment and/or participates in on or off-campus extracurricular activities, as well as demonstrates strong leadership skills and cooperation with students and staff.

Work Practicum Award

Vu Than An Nguyen, Culinary Arts and Design

Presented to a post-secondary student who has the best performance in a work practicum during this past academic year. This student receives outstanding feedback in their practicum evaluation, represents MITT strongly within their appointed business and selected industry, projects a positive attitude, and possesses exceptional work and technical skills.

MITT Award for Excellence – Top Post-Secondary Student

Wumei Huang, Early Childhood Education

Presented to a post-secondary student who has the best overall performance during this past academic year. This student has the highest overall grade in practical and theory, along with demonstrated leadership, work and technical skills, as well as demonstrated role model capabilities.

Program Excellence Award

Presented to the top student from each post-secondary program who has excellent theory and practical grades, highly developed work skills, and throughout their studies demonstrates a high degree of commitment and professionalism.

Program Excellence Award

Presented to the top student from each program who has excellent theory and practical grades, highly developed work skills, and throughout their studies demonstrated a high degree of commitment and professionalism.
