

MITT MyLearning & Online Tools: An Introduction

Learning Management System (LMS)

- Software platform for online learning and training
- Used for online only and blended program delivery (online and in class)
- Provides 24-7 web-based access to be flexible for students
- Great tool to organize and present course lectures and content
- Easy to incorporate quizzes, video, discussion forums and more
- Students can always check assignment and grade information (it keeps track for you!)

The screenshot displays the MITT MyLearning (Brightspace) platform interface. At the top, the header includes the MITT logo (Manitoba Institute of Trades & Technology) and navigation links: Announcements, Calendar, Quick Eval, Discover, and Help. The user profile 'JT Joel Trenaman' is visible in the top right corner. The main content area is titled 'My Courses' and features a navigation bar with 'Non-Academic Semest...', 'Samples', and 'Sandbox Semester'. Below this, there are four course tiles: 'Build Your Course' (BUILD-YOUR-COURSE-SAMPLE), 'Latest Content' (Experience Sample, LESSONS_D2L_SB-SAMPLE), 'Sample Course', and 'Sample Course - Outlines'. On the right side, an 'Announcements' panel is open, showing a post titled 'Accessing Campus during Scheduled Times' dated Aug 4, 2020. The announcement text states that all members of the MITT community are expected to be familiar with current health directives at <https://sharedhealthmb.ca/covid19/> and must complete the self-screening tool before leaving home and coming to any MITT campus at <https://sharedhealthmb.ca/covid19/screening-tool/>. It also mentions that all students are required to use the Manitoba Health self-screening tool each day before leaving home and arriving at an MITT campus. Students who have not completed a self-screening or are showing any signs of illness will not be permitted entry onto campus or to remain in class. A 'Show All Announcements' link is at the bottom of the panel.
