

MITT STUDENT ADVISING: STUDENT CONSENT

STUDENT ADVISOR & CLINICIAN CONFIDENTIALITY:

All interactions or meetings with MITT Student Success staff, including Student Advisors and Clinicians, are strictly confidential. This includes meeting schedules, records of attendance, topics discussed, and any other information disclosed and recorded in your MITT Advising or Student Record.

EXCEPTIONS TO CONFIDENTIALITY:

- Student Advisors and Clinicians work as a team with other MITT staff. Your Advisor/Clinician may need to consult with other MITT staff to provide you the best possible service and support. Information shared with MITT staff members is strictly for professional purposes to provide you help, support, and solutions.
- If there is evidence of imminent danger of harm to yourself or to others, all MITT staff are legally required to report this information to the authorities responsible for ensuring your safety and that of others (Police, Ambulance, etc.).
- Manitoba law requires that any MITT staff member who learns of or suspects physical or sexual abuse or neglect of any person under 18 years of age must report this information to Police or Child & Family Services.
- An order issued by a judge, or another authority, may require MITT staff to release information contained in records and/or to testify in court.
- Information disclosed to or recorded by a Student Advisor is not privileged and may have to be produced in a civil legal proceeding.

REFERRALS TO OFF-CAMPUS RESOURCES:

There is no fee to access a Student Advisor or Clinician at MITT. However, if you are referred to an off-campus health resource or community support service, you are responsible for any fees or charges incurred.
